ORGANIZING TEAM

LOCAL ORGANIZING COMMITTEE:

Kazakhstan Speedcubing Federation is a regional organization founded in 2017.

MISSION Kazakhstan Speedcubing Federation: creating favorable conditions for the development and popularization of speedcubing in Kazakhstan.

Composition: Arman Mashimov - KSF President, Maryam Zhuirikbayeva (Assistant to the President of KSF), Farid Khalitov (Marketing designer KSF), Ilyas Arystanbekov, WCA delegate, Sultanbibarys Omar, KSF TEAM, Alikhan Yertursyn, KSF TEAM. Each of them has experience organizing WCA championships

Since its foundation, KSF has been promoting the ideas of WCA in Kazakhstan and has been actively collaborating with the movements of cubers in Russia, Belarus, Ukraine, and Uzbekistan.

The first WCA championship in Kazakhstan was organized by KSF in 2017

Due to the active joint work of the community of Kazakhstan cubers and delegates from the Netherlands, Russia, Belarus, Ukraine, and Uzbekistan, the number of cubers in Kazakhstan increased from 16 to 1006 people.

Series of KSF CITY and KSF CLUB championships, weekly weekend championship and ONLINE League 4 seasons competitions; contribute to the growth of the professional level of Kazakhstan cubers. By the Asian Championship, we plan to bring the level of Kazakhstan cubers to the competitive level of Asia;

KSF clubs operating throughout the country contribute to the quality training of cubers. In clubs, anyone can learn how to build a cube, as well as get acquainted with the rules of the WCA. Since June 2020, WCA rules are available in Kazakh language.

To date, we have trained more than 70 judges, scramblers and runners across the country. And by July 2022, we will prepare 120 people who will be involved in the Asian Championship.

KSF has 60 STACK MAT displays, 100 timers and 100 mats, which can be increased if necessary.

THE INTERNATIONAL ORGANIZING COMMITTEE

The international organizing committee is represented by active personalities of the global community of cubers, each of whom has experience in organizing major championships, including world championships and continental championships. Among them is Ron van Bruchem - Netherlands, WCA delegate, Serhii Koksharov - Ukraine, WCA delegate.

We also plan to attract experienced delegates from other Asian countries to the organization.

Lake resort Alakol 505 km from the city of Semey.

According to legend, Chinggis Khan himself, the great conqueror, stopped here his numerous army in order to heal the wounds of his soldiers in the waters of the legendary lake and replenish his strength by bathing in healing water, the fame of which spread across endless steppes. After hundreds of years during the Soviet era, Soviet cosmonauts were sent here to restore strength and health after long flights, cleansing the body of cosmic radiation. Lake waters are referred to as balneological, have a high content of radon.

THE MAIN TOURIST CENTER OF THE CAPITAL "NURZHOL BOULEVARD"

The length of the pedestrian alley is 3.5 km from "Ak Orda" (the residence of the President of the Republic of Kazakhstan) to the Khan-Shatyr shopping and entertainment center (the 150-meter-tall building is recognized as the tallest tent in the world and is included in the Guinness Book of Records. The main highlight of Khan Shatyr is the beach resort with a tropical climate, plants and a temperature of +35 degrees all year round. The sandy beaches of the resort are equipped with a heating system that creates the feeling of a real beach, and sand was brought from the Maldives)

EXPO 2017

Nur Alem is a completely unique, the only building in the world in the shape of a sphere with a diameter of 80 meters, with photovoltaic panels and two silent wind generators that provide the building with electricity. So, the sphere itself is an example of the rational and careful use of energy. Each floor of the eight-level sphere "Nur Alem" has its own concept.

THE LARGEST SHOPPING CENTER OF THE CITY OF NUR SULTAN MEGA SILK WAY

The total area of the mall is 140 thousand square meters. The basic concept of MEGA Silk Way is "city in city". There is everything for useful leisure and profitable shopping. Residents and guests of the capital love the mall for large spaces with art objects, an abundance of daylight, an exclusive building design, comfortable conditions for families, a rich entertainment program, and developing children's playgrounds. Visitors can get all the necessary services without leaving the mall: there are banks, pharmacies, dry cleaning, car wash, atelier, beauty salons.

SKI RESORT SHYMBULAK

"Shymbulak resort" The length of the track for sport descent from the Talgar Pass is 3,500 m, giant slalom 1,500 m, average width 25 m, slope 11-29 °. Such parameters allow athletes to develop maximum speeds throughout its entire length. Climb to the highest point of Shymbulak by a modern cable car, which starts 800 meters from the Medeo skating rink. The first section of the cable car leads to the lower point of the Shymbulak ski slopes, where there are ski rentals, snowboards and equipment, snack bars and restaurants. The second section of the cable car leads approximately to the middle of the route, from where it is already possible to start the descent or change to the third section of the road, which will lead to the highest point in Shymbulak, Talgar Pass, located above the clouds.

ILE-ALATAU NATIONAL PARK

On the territory of the park, burial mounds of the Early Iron Age were preserved on the Assy Plateau and near the Turgen Gorge, Saki burials along the banks of the Issyk River.

CHARYN CANYON 195 KM FROM ALMATY CITY

Charyn Canyon is a natural monument composed of sedimentary rocks, whose age is about 12 million years. The height of the steep mountains of the canyon reaches 150-300 m. The Red Canyon or the "Valley of Castles" is a dry gorge washed by meltwater. It is located perpendicular to the Sharyn River, flowing through clay-sand mountains and stone rocks. The length of the Red Canyon is about 3 km, width is from 20 to 130 m, depth is up to 100 m. The most interesting place for tourists is the so-called Castle Valley, whose length is about 2 km, width - 20-80 m.
